INNOVATION CENTRE DENMARK SÃO PAULO

1. INTRODUCTION

This report is the sixth edition of Innovation Centre Denmark in São Paulo's funding guide for researchers.

It provides an overview of funding opportunities for researchers in Denmark and Brazil working or wanting to work with respective counterparts. Included in the report are current and expected openings and links to the official call texts where further information on eligibility and application criteria can be found.

The guide presents a selection of calls that to the knowledge of Innovation Centre Denmark in São Paulo are specifically relevant for collaboration between Danish and Brazilian researchers. It is, however, not an exhaustive overview of all current funding openings for international research collaboration.

For more information, questions and dialogue, or if you have suggestions for additional funding opportunities to be included in the next edition, please contact:

Stina Nordsborg
Innovation Attaché
e-mail: stinor@um.dk
tel.: +55 (11) 96863 6702
webpage: www.icdk.um.dk

Innovation Centre Denmark aims to strengthen research, innovation and higher education in Denmark and to promote Denmark as a leading knowledge society. The Danish innovation centres can provide you with access to knowledge, technology and networks in selected global leading research, education and innovation environments. Innovation Centre Denmark in Munich, New Delhi/Bangalore, Tel Aviv, Sao Paolo, Seoul, Shanghai and Silicon Valley are established in cooperation between the Ministry of Foreign Affairs and the Ministry of Higher Education and Science. See more on www.icdk.um.dk.

2. OPEN FUNDING OPPORTUNITIES – DENMARK

DFF Calls	
Outline:	<p>Danish Council for Independent Research (DFF) supports specific and time-limited research activities, and thus does not offer funding for permanent activities. DFF wishes to strengthen and develop the internationalization of Danish research and the Council therefore welcomes applications that involve international activities. The objective is to give the best researchers and research groups the opportunity to coordinate and develop their research collaborations across country borders, and to give talented researchers the opportunity to spend periods abroad as part of their research careers.</p> <p>There are 4 different instruments:</p> <ul style="list-style-type: none"> • PhD grants • International Research Stays • Pregraduate Scholarships • DFF Reformation Anniversary
Research Fields:	All research fields
Organisation:	Danish Council for Independent Research
Nationalities:	All nationalities
What is funded:	<ul style="list-style-type: none"> • PhD grants – no maximum amount • International Research Stays – DKKK 300.000 • Pregraduate Scholarships – DKK 50.000 – 150.000 • DFF Reformation Anniversary – DKK 5.000.000
Duration:	Depends on the instrument
Deadline:	April 10 th 2018
Webpage:	<p>http://ufm.dk/en/research-and-innovation/councils-and-commissions/the-danish-council-for-independent-research/for-applicants</p> <p>http://ufm.dk/en/research-and-innovation/funding-programmes-for-research-and-innovation/calls/2017/call-autumn-2017.pdf</p>

INNOVATION CENTRE DENMARK SÃO PAULO

Lundbeck Foundation - Fellowships	
Outline:	The fellowships are intended for researchers who are qualified to establish or develop their own research groups within health science and biomedicine, including natural science projects with a clear biomedical focus, and who have received their Ph.D. degree within the last 5-7 years.
Research Fields:	Biomedicine and Health Science
Organisation:	Lundbeck Foundation
Nationalities:	All nationalities
What is funded:	Up to DKK 10 million
Duration:	5 years
Deadline:	21 st of December 2017
Webpage:	http://www.lundbeckfonden.com/en/grants/for-applicants/what-you-can-apply-for/

Innovation Fund Denmark - Industrial PhD & Industrial Postdocs	
Outline:	The Industrial Researcher Programme support Industrial PhD and post-doc projects. In both project types the candidate is employed in a private company and at the same time enrolled at a university.
Research Fields:	All research fields
Organisation:	Innovation Fund Denmark
Nationalities:	All nationalities
What is funded:	Host company and partner university receives subsidy from the fund. Candidate receives a monthly salary.
Duration:	3 Years
Deadline:	6 th of February 2018 2 nd of May 2018 25 th of September 2018
Webpage:	http://innovationsfonden.dk/en/investment/industrial-researcher

Danida Fellowship Centre Call – Window 2	
Outline:	Supports strategic research cooperation projects between a research institution or a university in Denmark and a partner country, which will generate new knowledge relevant to the needs and strategies of the growth and transition countries and contribute to strengthening research capacity in developing countries.
Research Fields:	Digital governance and Health IT
Organisation:	Danish Ministry of Foreign Affairs
Nationalities:	Brazilian and Danish

INNOVATION CENTRE DENMARK

SÃO PAULO

What is funded:	Maximum grant of DKK 5 million for first phase
Duration:	18 to 36 months
Deadline:	2 nd of February 2018
Webpage:	http://dfcentre.com/wp-content/uploads/2017/06/Final-Call-Window-2-Phase-2.pdf http://dfcentre.com/research/calls-for-applications/

3. OPEN FUNDING OPPORTUNITIES – BRAZIL

Young Investigator Awards (FAPESP)	
Outline:	The Young Investigators Awards envisage the creation of opportunities for highly qualified young researchers (or group of young researchers), especially in emerging research institutions in the State of São Paulo, Brazil. Proposals of new research areas in traditional institutions are also eligible.
Research Fields:	All research fields
Organisation:	São Paulo Research Foundation (FAPESP)
Nationalities:	All nationalities
What is funded:	The allowable costs depend on the field of research and the details of the awarded grant.
Duration:	The Young Research Grant may last up to 48 months, with the possibility of a 12 months extension in exceptional conditions and justification approved by FAPESP.
Deadline:	All year
Webpage:	www.fapesp.br/en/6251#4531

Visiting Researcher Program (FAPESP)	
Outline:	The Visiting Researcher Program offers full or partial support for the hosting of experienced investigators, associated with foreign research institutions, who will work in a research institution in the State of São Paulo for a period from 2 weeks to a maximum (non-extendable) period of 12 months. The programme aims to promote collaboration between investigators in the State of São Paulo and their colleagues abroad for the development of ongoing research projects or for assisting the launching of new collaborations.
Research Fields:	All research fields
Organisation:	São Paulo Research Foundation (FAPESP)
Nationalities:	All nationalities
What is funded:	Amount varies from project to project
Duration:	2 weeks to 12 months
Deadline:	All year
Webpage:	www.fapesp.br/en/6659

INNOVATION CENTRE DENMARK
SÃO PAULO

BEPE - Research Internship Abroad (FAPESP)	
Outline:	<p>This program supports short and medium term research internships abroad for recipients of FAPESP fellowships in the State of São Paulo. Thus, the BEPE fellowship levels available correspond to those available for fellowships in the State of São Paulo, as detailed below:</p> <p>Scientific Initiation (BEPE- IC), for undergraduates working in a research project;</p> <p>Masters (BEPE-MS), Doctorate (BEPE-DR) and Honors Doctorate (BEPE-DD), for graduate students;</p> <p>Post-doctorate (BEPE-PD), for talented scientists associated to research projects.</p> <p>The research internship abroad is necessarily part of regular FAPESP Fellowship in the State of São Paulo and cannot be requested independently.</p> <p>Candidate requirements:</p> <p>To have an ongoing fellowship awarded by FAPESP in the CI, MS, DD, DR, PD modalities;</p> <p>Proficiency in the language of the country where the research will be developed or in English, as evidenced by a formal declaration from the advisor/supervisor of the fellowship in Brazil.</p> <p>The length of the research internship abroad (BEPE) depends on the modality requested. Minimum duration is one month. Maximum duration varies from four months (IC) to one year (PD).</p>
Research Fields:	All research fields
Organisation:	São Paulo Research Foundation (FAPESP)
Nationalities:	All nationalities
What is funded:	Travel, research planning, international workshops related costs
Duration:	From 1 month. Maximum of 4 month for Scientific Initiation Students (IC) and 12 months for PD.
Deadline:	All year
Webpage:	http://www.fapesp.br/en/bepe

INNOVATION CENTRE DENMARK
SÃO PAULO

Bilateral Cooperation Networks EU-BR (INCOBRA)	
Outline:	The main objective of this call is to foster and strengthen the mutual cooperation of Brazilian and European R&I actors through the support of bilateral networks on the priority areas indicated in below by providing a Grant for the implementation of mutual bilateral visits and workshops.
Research Fields:	Priority areas: Bioeconomy, Food security and sustainable agriculture, Energy, Health and sustainable urbanisation, ICT , Marine Research and Nanotechnology.
Organisation:	Increasing international STI cooperation between Brazil and the European-Union (INCOBRA)
Nationalities:	European and Brazilian organisations aiming to work together and submitting project proposals for available funding.
What is funded:	Travel costs (only economy class flights), Accommodation costs in max. 4 star hotels, Per diem allowance (including accommodation, according to the EC regulation). Organisation of working meetings, logistics. Consumables, printing costs.
Duration:	50% of the total grant will be transferred as advance payment following the signing of the contract. The rest will be transferred within one month after the approval of an activity report and accompanying financial report (two reports to be completed per bilateral network).
Deadline:	December 15 th 2017 Apply here: https://tinyurl.com/y7ytxag
Webpage:	https://www.incobra.eu/en/object/call/list Application information

INNOVATION CENTRE DENMARK
SÃO PAULO

Coordination for the Improvement of Higher Education Personnel (CAPES)'s Scholarships	
Outline:	<p>The Coordination for the Improvement of Higher Education Personnel (CAPES) – agency under the Ministry of Education – grants scholarships abroad with the purpose of supporting the development of academic human resources in Brazil. The scholarships are coordinated by the Directorate of International Relations (DRI).</p> <p>Scholarships for: full PhD; sandwich PhD; collaborative researches at postdoc level with foreign institutions; visiting scholar abroad. Exclusively for the winners of the Great Capes Theses Award, Capes provides grants for visiting scholarships abroad and presentation of the winner theses at events abroad.</p> <p>Capes provides scholarships for undergraduate and PhD students abroad and grants for visiting scholars abroad. These grants are aimed at specific, prioritised areas (connected to the strategic programmes of Capes). Capes provide grants for research projects approved by the Board of Programmes and Scholarship in the Country (DPB). After approval of the projects by DPB, candidates may be indicated for scholarships abroad, which will be awarded and managed by the Directorate of International Relations (DRI).</p> <p>Capes also support the participation of PhD students and professors in scientific conferences and events abroad.</p>
Research Fields:	All research fields
Organisation:	Coordination for the Improvement of Higher Education Personnel (CAPES)
Nationalities:	Brazilian students and researchers.
What is funded:	From € 1,300.00 (9,750.00 DKK) per month, health insurance and other financial aids that might be necessary – the final value depends on the specific programme.
Duration:	Depends on the programme
Deadline:	Open all year, but applications for sandwich PhD scholarships are due three months before the programme starts, whilst applications for the Strategic Areas and National Institutes of Science and Technology Programme are due three months before the programme starts.
Webpage:	http://www.capes.gov.br/bolsas/bolsas-no-exterior

Institutional Internationalization of the Higher Education Institutions and Research Institutions of Brazil	
Capes-PrInt	
Outline:	<p>This Call aims at the selection of Institutional Internationalization Projects for Higher Education Institutions or Research Institutes that have at least four Postgraduate Programs (PPG) recommended by Capes in the triennial evaluation of 2013 and in quadriennial 2017, among which there must be at least two with doctorate courses.</p> <p>The objectives of the Program are:</p> <ul style="list-style-type: none"> • Foster the construction, implementation and consolidation of strategic plans for internationalization of the institutions contemplated in the areas of knowledge they prioritize; • Stimulate the formation of international research networks with a view to improving the quality of academic production linked to postgraduate studies; • Expand the actions to support internationalization in the postgraduate courses of the contemplated institutions; • Promote the mobility of lecturers and students, with emphasis on doctoral students, postdoctoral students, Brazilian lecturers abroad and foreign lecturers in Brazil, linked to <i>stricto sensu</i> postgraduate programs with international cooperation. • Foster the transformation of participating institutions into an international environment. • Integrate other CAPES development actions into the internationalization effort.
Research Fields:	All research fields
Organisation:	CAPES
Who can apply:	Universities and Institutions
What is funded:	<p>Allowance for overseas work missions, in the context of international cooperation research projects or individual missions, which include travel allowance and health insurance allowance, according to the current regulations of CAPES.</p> <p>Funding for project maintenance for specific actions of research projects in international cooperation, within the eligible items of the Capes-PrInt Program.</p>
Duration:	Not mentioned
Deadline:	April 18 th 2018
Webpage:	http://www.capes.gov.br/cooperacao-internacional/multinacional/programa-institucional-de-internacionalizacao-capes-print

4. OPEN FUNDING OPPORTUNITIES – EU

EURAXESS	
	<p>Horizon 2020 funds high-potential innovation through a dedicated SME instrument, which offers seamless business innovation support. Provided with about € 3 billion in funding over the period 2014-2020, the SME Instrument helps high-potential SMEs to develop groundbreaking innovative ideas for products, services or processes that are ready to face global market competition. Available to SMEs only, which can however organise a project in the way that best fits their business needs – meaning that subcontracting is not excluded – the new scheme has opened a new highway to innovation through phased, progressive and complimentary support. EURAXESS provides a list of these funding opportunities. Follow this link and search “Brazil” to find the necessary details about the upcoming calls and deadlines: https://euraxess.ec.europa.eu/funding/search/</p>

Horizon 2020 and co-funding from Brazilian ‘FAP’s’	
Outline:	<p>Horizon 2020 is the biggest EU Research and Innovation programme ever. It is aimed at securing Europe's global competitiveness.</p> <p>Horizon 2020 is open to participation from across the world. European researchers can include partners from anywhere in the world when preparing H2020 proposals. This means that Brazilian researchers, enterprises and institutions can team up with European partners to develop together knowledge, research data and leading scientific teams and networks.</p> <p>Not all international partners are automatically eligible for funding.</p> <p>While the European Union will fund the participation of partners from developing countries, it does not automatically fund the partners from industrialised countries such as Brazil.</p> <p>However, it is expected that the programmes will include initiatives where:</p> <ul style="list-style-type: none"> • The EU, in certain cases, decides to fund participation of entities from any country in the world, if the cases are identified in advance in the H2020 Work Programmes. • In exceptional cases, where participation is deemed by the Commission to be essential for carrying out the action, the EU may decide to fund a non-European participant in a project on an ad-hoc basis.

INNOVATION CENTRE DENMARK SÃO PAULO

	Several State funding agencies (FAPs), including the agency from São Paulo, FAPESP, have expressed interest in funding researchers from their own states to support their participation in H2020calls and have published guidelines on how to apply. Besides FAPESP, the state funding agencies of the following Brazilian states have published guidelines: Santa Catarina, Minas Gerais, Goiás, Distrito Federal (Brasilia), Mato Grosso do Sul and Paraná
Research Fields:	All research fields
Organisation:	European Union
Nationalities:	28 Member States of the European Union ; EU candidate countries and partners countries
What is funded:	Amount varies from project to project
Duration:	Depends on the programme
Deadline:	Depends on the programme

EMBO Short Term Fellowships	
Outline:	The aim is to facilitate valuable collaborations with research groups applying techniques that are unavailable in the applicant's laboratory. Short-Term Fellowships are not awarded for exchanges between two laboratories within the same country and are intended for joint research work rather than consultations.
Research Fields:	Molecular Biology
Organisation:	European Molecular Biology Organization
Nationalities:	All
What is funded:	Travel and subsistence costs
Duration:	One week to three months
Deadline:	All year
Web page:	http://www.embo.org/funding-awards/fellowships/short-term-fellowships#about

Marie Skłodowska-Curie Global Fellowships (GF)	
Outline:	An International Fellowship for experienced scientists to gain new skills and expertise while conducting excellent research in a Third Country (outside EU/Associated Country). The knowledge acquired in a Third Country will then be brought back and used at the host organisation in Europe. But there is one exception: research areas covered by the EURATOM Treaty cannot be funded.
Research Fields:	All areas of research. Research areas covered by the EURATOM Treaty cannot be funded.
Organisation:	European Commission
Nationalities:	National or long-term residents of EU Member States and Associated Countries, including Brazil.
What is funded:	Living, travel and family costs
Duration:	Two to three years
Deadline:	Depends on the call
Webpage:	http://ec.europa.eu/research/mariecurieactions/about-msca/actions/if/index_en.htm

INNOVATION CENTRE DENMARK

SÃO PAULO

Marie Skłodowska-Curie European Fellowships (EF)	
Outline:	<p>European Fellowship funding is provided for a research project which will transfer knowledge into your host organisation in a European or Associated Country and build or enhance collaborations between Europe and the rest of the world. The research project will also allow you to advance your career.</p> <p>There is also the possibility for Career Restart, if you have been outside of research activities for a while. And you can apply for the Reintegration panel if you wish to return to Europe after a long period outside Europe/Associated Countries.</p>
Research Fields:	All areas of research. Research areas covered by the EURATOM Treaty cannot be funded.
Organisation:	European Commission
Nationalities:	Researchers of any nationality.
What is funded:	Salary for the researcher and a contribution to research and management related costs, plus living, travel and family costs.
Duration:	12 to 24 months
Deadline:	Depends on the call
Webpage:	http://ec.europa.eu/research/mariecurieactions/about-msca/actions/if/index_en.htm

INNOVATION CENTRE DENMARK

SÃO PAULO

Erasmus+ Programme	
Outline:	Erasmus+ is the EU Programme in the fields of education, training, youth and sport for the period 2014-2020. The Erasmus+ Programme is designed to support Programme Countries' efforts to efficiently use the potential of Europe's human talent and social capital. The Programme also enhances the opportunities for cooperation and mobility with Partner Countries, notably in the fields of higher education and youth. Overall the Programme supports actions, cooperation and tools consistent with the objectives of the Europe 2020 Strategy and its flagship initiatives, such as Youth on the Move and the Agenda for new skills and jobs.
Research Fields:	All research fields
Organisation:	European Union
Nationalities:	28 Member States of the European Union ; EFTA/EEA countries ; EU candidate countries and partners countries, including Brazil.
What is funded:	Amount varies from project to project
Duration:	Depends on the programme
Deadline:	Depends on the programme
Webpage:	http://ec.europa.eu/education/opportunities/higher-education/index_en.htm http://ec.europa.eu/programmes/erasmus-plus/documents/erasmus-plus-programme-guide_en.pdf

Erasmus +: Jean Monnet Call for proposals 2018	
Outline:	Jean Monnet activities are designed to promote excellence in teaching and research in the field of European Union studies in various disciplines. The activities also foster the dialogue between the academic world and policy-makers, in particular with the aim of enhancing governance of EU policies.
Research Fields:	European Union Studies
Organisation:	EU
Nationalities:	All nationalities
What is funded:	Fellowships are for a fixed amount and cover salary and a contribution towards the operation of the project.
Duration:	Not mentioned
Deadline:	22 nd of February 2018
Webpage:	https://eacea.ec.europa.eu/erasmus-plus/actions/jean-monnet_en

SÃO PAULO

ERC – Open to the World	
Outline:	<p>The ERC – Open to the World strategy awards grants to researchers of all nationalities if they undertake their projects in the countries of the European Research Area (ERA) that includes EU members and Associate Countries.</p> <p>The aim of the project is to enable Brazilian top researchers to undertake research visits and cooperate with ERC-supported teams in the ERA. On October 17, the European Research Council launched a Call for Expression of Interest amongst ERC grantees to inquire about their interest to host young non-European scientists. Then, the ERC will send a list of interested teams to each Non-European funding agency, which will advertise and select the candidates</p>
Research Fields:	All research Areas
Organisation:	European Research Council and Brazilian National Council of State Funding Agencies (CONFAP)
Nationalities:	All nationalities
What is funded:	The Brazilian Funding Agency will provide travel expenses. Subsistence costs on a per diem basis can be claimed under the ERC grant, already supporting the team and the activity in the EU.
Duration:	Single and long-term (6 to 12 months) or multiple short term visits that aggregate to an agreed minimum. . Visits should begin at least 12 months prior to the termination date of ERC grant that supports the receiving Principal Investigator
Deadline:	All year
Web page:	<p>https://erc.europa.eu/funding/additional-opportunities</p> <p>https://erc.europa.eu/sites/default/files/press_release/files/ERC-Highlight-Brazil-agreement.pdf</p>

5. EXPECTED FUTURE CALLS – DENMARK

International Network Programme	
Outline:	Support to networking and matchmaking initiatives seeking to identify potential for bilateral research collaboration between Danish and foreign researchers from China (incl. Hong Kong), India, Israel, Japan, USA, Brazil, the Republic of Korea, South Africa and Turkey.
Research Fields:	All research fields
Organisation:	Danish Agency for Science, Technology and Innovation
Nationalities:	Scientists employed at Danish universities and research institutions and scientists and research experts employed in R&D intensive companies and GTS Institutes in Denmark who wish to conduct network activities with researchers from China (incl. Hong Kong), India, Israel, Japan, USA, Brazil, the Republic of Korea, South Africa and Turkey.
What is funded:	Operating expenses for workshops and conferences, international travel and research stay for a shorter period up to 90 days in the selected countries, DKK 200.000 excluding overhead expenses
Duration:	Up to a year
Deadline:	Expected May 2018
Webpage:	http://ufm.dk/en/research-and-innovation/funding-programmes-for-research-and-innovation/eu-and-international-funding-programmes/international-cooperation/international-network-programme-1

Lundbeck Foundation – PhD Scholarships	
Outline:	Lundbeck Foundation awards PhD scholarships for doctoral research in biomedical sciences at Danish research institutions. Scholarships are granted for free and independent, Danish-based research of the highest international quality in biomedical sciences.
Research Fields:	Biomedical sciences
Organisation:	Lundbeck Foundation
Nationalities:	All nationalities
What is funded:	Salary, tuition fees, contribution towards the operation of a project.
Duration:	Not mentioned
Deadline:	Expected November 2018
Webpage:	http://www.lundbeckfonden.com/en/grants/for-applicants/what-you-can-apply-for/

INNOVATION CENTRE DENMARK
SÃO PAULO

Lundbeck Foundation – Postdoc Fellowships	
Outline:	The Lundbeck Foundation awards postdoc fellowships in biomedical sciences at Danish research institutions. Fellowships are awarded for free and independent, Danish-based research of the highest international quality in biomedical sciences.
Research Fields:	Biomedical sciences
Organisation:	Lundbeck Foundation
Nationalities:	All nationalities
What is funded:	Fellowships are for a fixed amount and cover salary and a contribution towards the operation of the project.
Duration:	Not mentioned
Deadline:	Expected November 2018
Webpage:	http://www.lundbeckfonden.com/en/grants/for-applicants/what-you-can-apply-for/

6. EXPECTED FUTURE CALLS – BRAZIL

Fundação Estudar's scholarships	
Outline:	For almost 25 years, the Fundação Estudar – a Brazilian NGO that aims to promote education and carrier opportunities for talented Brazilians - selects students for scholarships at the best Brazilian and foreign institutions.
Research Fields:	All research fields
Organisation:	Fundação Estudar
Nationalities:	Brazilians up to 34 years of age from all areas of study with exceptional academic qualifications. The applicants must be enrolled in the process of acceptance or pursuing an undergraduate or graduate programme.
What is funded:	Scholarships for undergraduate and postgraduate programmes. <u>Undergraduate:</u> <ul style="list-style-type: none"> • Undergraduate programmes in Brazil or abroad; • Academic exchange abroad; • Double-diploma abroad; <u>Postgraduate:</u> <ul style="list-style-type: none"> • Masters abroad; • PhD abroad; • Postdoc abroad. The scholarships vary between 5% and 95% of the amount requested by the applicant and are decided and announced to the candidate at the end of the selection process.
Duration:	Depends on the programme
Deadline:	Expected June 2018
Webpage:	http://bolsas.estudar.org.br/

INNOVATION CENTRE DENMARK

SÃO PAULO

FAPESP and Innovation Fund Denmark (IFD)	
Outline:	<p>The call is open to researchers from universities, research institutions and private companies in the State of São Paulo, Brazil and Denmark who conduct research within the food science area.</p> <p>Last year FAPESP and the IFD expect to jointly fund up to four projects with a total amount of around U\$S 2,960 million for all projects.</p>
Research Fields:	“Bio-refinery" and/or “Food and Health”.
Organisation:	FAPESP and IFD
Nationalities:	Brazilian and Danish researchers
What is funded:	Requested funding may cover research and travel expenses (for example, payroll expenses, research training, equipment, travel costs, living allowances and insurance costs) according to each institution’s guidelines.
Duration:	48 months
Deadline:	Call in the end of 2017!
Web page:	http://fapesp.br/en/10567 http://www.fapesp.br/en/10578

7. EXPECTED FUTURE CALLS – EU

Marie Skłodowska - Curie Actions – Research and Innovation Staff Exchange Programme (RISE)	
Outline:	Call to support short-term staff exchange. Partners get together and propose a joint project that should highlight networking opportunities, sharing knowledge and the skills development of staff members.
Research Fields:	All research fields, excepted those covered by the EURATOM Treaty.
Organisation:	European Commission
Nationalities:	All
What is funded:	Secondment of staff members
Duration:	One month to one year
Deadline:	Expected April 2018
Web page:	http://ec.europa.eu/research/mariecurieactions/about-msca/actions/rise/index_en.htm

Transformations to Sustainability (Belmont and FAPESP)	
Outline:	The Belmont Forum and NORFACE launch the Programme "Transformations to Sustainability" (acronym: T2S). T2S will contribute to restructuring the broad field of sustainability research by placing social science and humanities at the heart of interdisciplinary research in a step change in scale and scope for research programming on this topic. Co-production of knowledge and research problem formulation is considered to be critical to the process of societal transformation.
Research Fields:	Social sciences/humanities
Organisation:	Belmont and São Paulo Research Foundation (FAPESP)
Nationalities:	All nationalities
What is funded:	€ 1,500,000 across all participating partners for each project
Duration:	Projects can last up to 36 months
Deadline:	Expected call January 2018, Expected deadline April 2018
Webpage:	https://www.norface.net/programmes/t2s/

Marie Skłodowska-Curie Individual Fellowships (IF) – Incoming/Outgoing	
Outline:	<p>Individual Fellowships (IF) are for experienced researchers to undertake their own research project at a host organisation in another country, thus gaining new skills through advanced training and possibly, intersectoral mobility.</p> <p>Researchers based in Brazil can apply for a European fellowship, choosing to apply either for a re-integration grant, a scientific grant or a society & enterprise grant in the non-academic sector.</p> <p>Researchers based in Europe can apply for a global fellowship to carry out research in a third country such as Brazil and return to Europe.</p> <p>This is an excellent opportunity for Brazilian higher education institutions/research institutes/private sector firms to host a high-level European-based researcher, fully funded by the European Commission.</p>
Research Fields:	All areas of research
Organisation:	European Commission
Nationalities:	All
What is funded:	Salary, a mobility allowance, research costs and overheads for the host institution.
Duration:	Two years
Deadline:	Expected call April 2018, Expected deadline September 2018
Webpage:	https://euraxess.ec.europa.eu/worldwide/brazil/call-open-brazilians-marie-sk%C5%82odowska-curie-individual-fellowships-if
